

## Guide to Wesco VMI

The document is a guide on how to use Wesco's VMI website.

To log on to the website enter the following URL into your web browser

[www.wescoair.com/vmi20](http://www.wescoair.com/vmi20)

This will take you to the front screen where you can enter your username and password, if you don't have a username and password or you've forgotten it then please e-mail [martin.rowland@wescoair.com](mailto:martin.rowland@wescoair.com) or use the "Forgot Password" link.

The screenshot shows the Wesco Aircraft Europe VMI website. At the top left is the Wesco Aircraft Europe logo, featuring a stylized 'WA' and the text 'Wesco Aircraft Europe' with flags of the UK, France, and Germany. To the right is the text 'Vendor Managed Inventory'. Below the logo is a navigation bar with the tagline 'Fastening the Aerospace World'. The main content area is divided into two sections: 'Registered Users' and 'Non-Registered Users'. The 'Registered Users' section contains a 'Username:' field, a 'Password:' field, a 'sign-in' button, and a 'Forgot Password?' link. The 'Non-Registered Users' section contains the text 'Not a registered to use VMI?' and a 'Sign-up now!' link. To the right of the login fields is a blue box with white text that reads: 'Wesco Aircraft is proud to introduce Vendor Managed Inventory, which offers a variety of online services to satisfy our supplier and customer enquiries against Wesco Aircraft inventory and transactions.' Below this text is a photograph of a large industrial warehouse or factory floor. At the bottom of the page is a footer with links for 'Terms of Use' and 'Contacts', and a copyright notice: 'Copyright 2005-2006 Wesco Aircraft Corporation. All rights reserved.'

Once you have entered your username and password click "sign-in".

This will then take you to the VMI menu page.

Welcome BAE SYSTEMS (OPERATIONS) LTD. [Logged in as @sams; Thursday, February 22, 2007]

You are currently logged in as a Customer of Wesco Aircraft.

**Assets**

**Part Enquiry**

**Issues**

**Receipts**

Vendor Managed Inventory is specially designed with the latest in technology. With .NET, Wesco Aircraft allows users to inquire their stock assets, issues, receipts and more in a web-friendly environment. All are separated for fast and easy access to the information users want.

Users can also export results to an Adobe Portable Format (PDF) or Microsoft Excel (XLS) for private viewing, reporting or printing.

[Terms of Use](#) [Contacts](#) Copyright 2005-2006 Wesco Aircraft Corporation. All rights reserved.

This page allows you to select what information you to see by picking one of the following:

Assets - Current stock levels held at Wesco.

Part Inquiry - A detailed view of stock levels and historical transactions for a specified part number.

Issues - Transactions from Wesco to BAE Systems within a specified date range.

Receipts - Delivery transactions into Wesco within a specified date range.

Once you have select which report you would like to run you will be taken to the relevant selection screen, which allows you to specify the search criteria you would to use.

Below is an example of what the search screen looks like for the asset report.

The screenshot shows the 'Vendor Managed Inventory' interface. At the top left is the 'Wesco Aircraft Europe' logo with flags for the UK, France, and Germany. To the right is the 'Vendor Managed Inventory' title. A navigation bar contains links for '[Account]', '[Help]', and '[Logout]'. Below this, a welcome message reads 'Welcome BAF SYSTEMS (OPERATIONS) LTD. [ Logged in as @samr, Thursday, February 22, 2007 ]'. The main section is titled 'Search Customer Assets'. On the left, there are four menu buttons: 'Assets', 'Part Enquiry', 'Issues', and 'Receipts'. The 'Assets' button is highlighted. The search form includes fields for 'Supplier:' (dropdown), 'Project:' (dropdown), 'Part Number:' (text input), and radio buttons for 'Auto' (selected) and 'Man'. Below these are radio buttons for 'Zero Assets Only:' (Yes/No) and 'Non-Issues:' (Yes/No). A 'Search' button is at the bottom of the form. At the very bottom of the page, there are links for 'Terms of Use' and 'Contacts', and a copyright notice: 'Copyright 2005-2006 Wesco Aircraft Corporation. All rights reserved.'

You can specify which project you would like to view stock levels but clicking on the drop down arrow for the “Project” selection. You can also search for a particular part number either by typing the part number in or my selecting “Auto” and picking the part number from the drop down list.

In all cases leaving a criteria as “[Select]” will make the report search all.

The screenshot shows the 'Search Part Enquiry' form. It includes fields for 'Supplier:' (dropdown), 'Part Number:' (text input), radio buttons for 'Auto' (selected) and 'Man', 'Type:' (dropdown), 'Date From:' (text input with a calendar icon), and 'Date Thru:' (text input with a calendar icon). At the bottom, there is a 'Search' button and two radio buttons for 'One Month' and 'Three Months'.

Some reports also include a date range search which can be used by either entering the From and To dates using the calendar or by clicking the pre-selected one or three month options.

Once the report is run it will display the results on screen as shown below. Please be aware that if you have “Pop-Up Blockers” activated on your web browser then the report will not automatically display.

Search results for All Customers, All Parts and for Date Range 22/1/2007 - 22/2/2007.

NOTE: Exporting to CSV currently brings up a dialog box that saves the file. Please follow the steps below:

1. When the "Save As..." dialog box is prompted, please click the "Open" button to see the data.
2. Second option, click on "Save" to save the file to your preferred drive.

In this screen you can either search through the data on screen using the page numbers at the top of the grid or click on one of the excel icons and export the data.

When you click on one of the icons we recommend that you save the document first before you open the excel file, by following the on screen prompts that appear in pop up boxes.
